

ADDENDUM TO THE TERMS OF REFERENCE

Fig. 1 The final look and feel of the three memorial tombstones must be as seen above.

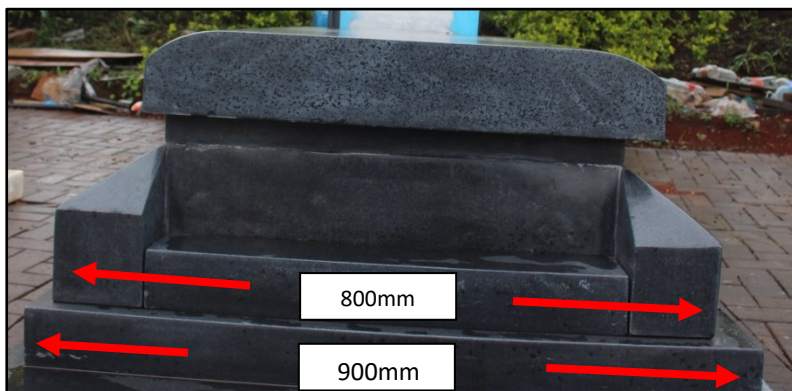

Fig. 2 From the back of the memorial tombstones, this must be the look.

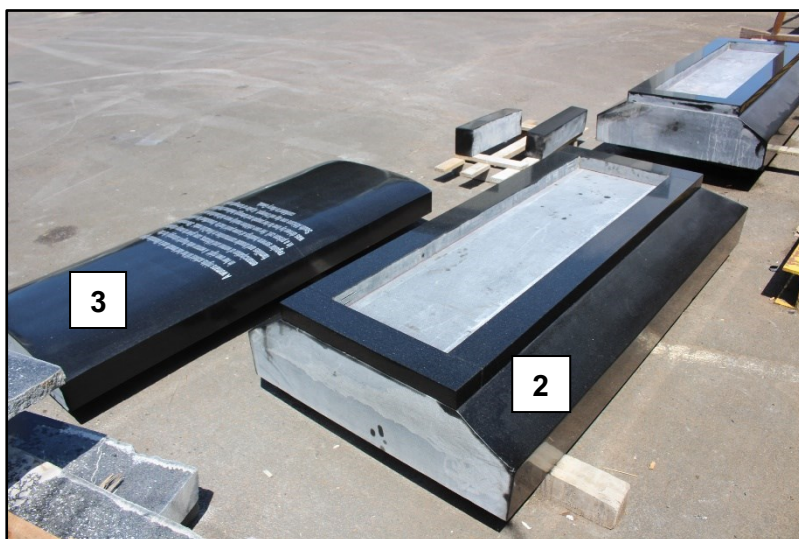

Fig.3 The second layer and the third layer of ledgers before final assemblage.

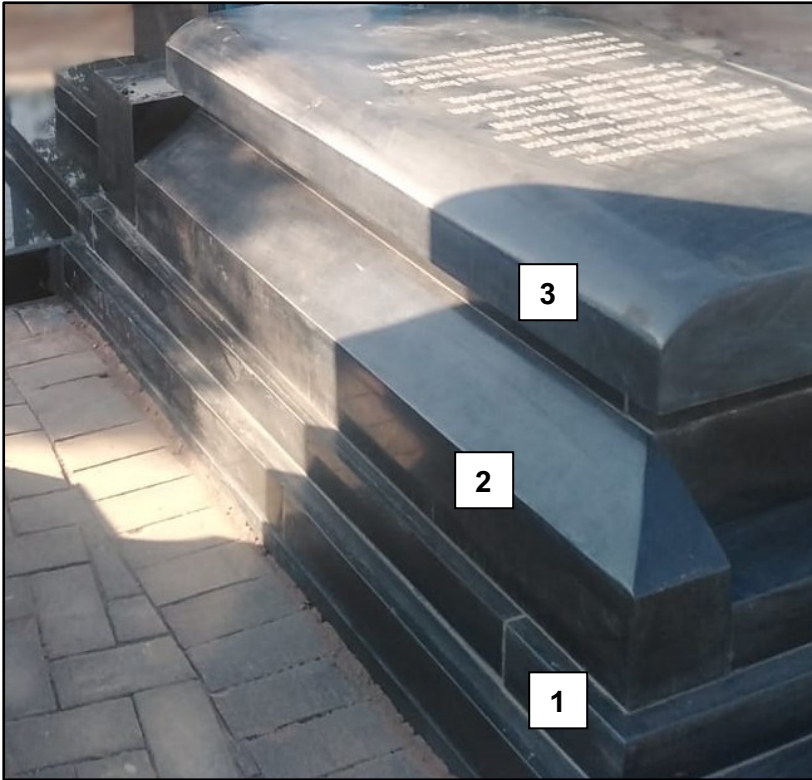

Fig.3 A side view of the final memorial stone.

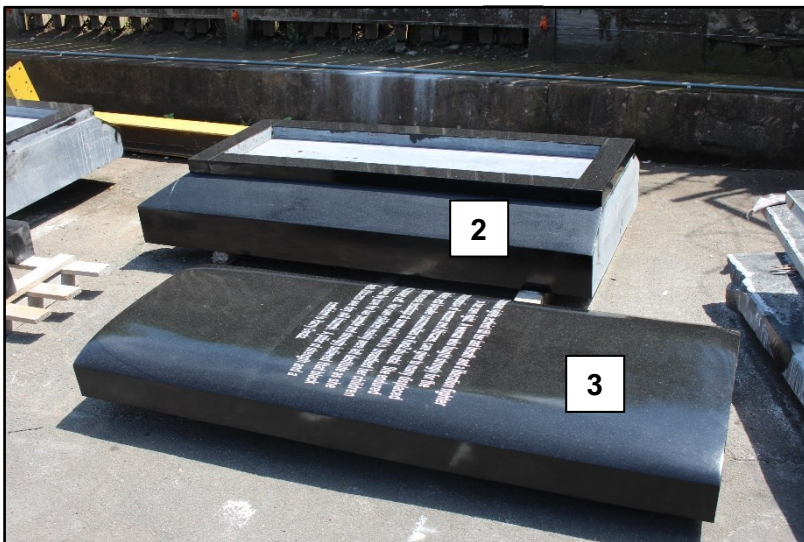

Fig.3 Another view of the second and the third layers of ledgers before final assemblage.

HEADSTONE

Fig. 1 This shield gives an idea/example of how a shield headstone can be erected. The bottom part would need to be 800mm wide should this model be chosen.
